Meditation to add Higher Energetic Frequencies to the Planet

Tips to be prepared for our community meditation:

- Make sure **you are in a quiet place** where nothing can distract you, and that **you are not driving a car** or any other vehicle during the time of meditation.
- **Stretch you muscles** before we start. Stretching loosens the muscles and tendons allowing you to sit (or lie) more comfortably. Additionally, stretching starts the process of “going inward” and brings added focus to the body.
- **Take a deep breath.** Breathing deep slows the heart rate, relaxes the muscles, focuses the mind and is an ideal way to begin practice.
- You can prepare **candles and other spiritual paraphernalia** in the room where you will meditate to help you feel at ease.

The energy tools designed to raise your energetic frequencies:

- “Wisdom Tool” that connects you to your _____
- “Applied Kinesiology” that teaches you how to get to the _____
- “Connecting to your _____”. Imagine you open the door to extra help from the _____ of things working on your behalf
- “Energy Radar”. It helps you to become _____ energies around you
